

DEPAUL DIVERSITY SERIES

COE Advising and the Career Center are collaborating to offer future teachers and school counselors a new workshop series to learn about critical issues of diversity within education. The DePaul Diversity Series offers a unique opportunity to interact with experts from both DePaul and the greater community. Each workshop incorporates a sample lesson and strategies for including these topics into curriculum, as well as round table discussions, interventions and systems of support.

LGBTQ Student Issues: How to Incorporate LGBTQ History and Acceptance

Join us on Tuesday September 27th from 4—6 pm in the LPC Richardson Library, Rosati Room 300, for the very first DePaul Diversity Series Workshop! This workshop allows COE students to hear from DePaul staff in our *Center for Identity, Inclusion and Social Change* regarding the history of the LGBTQ community as well as strategies to support this specific student population. A current teacher and school counselor will join us to do break-out sessions focusing on a sample lesson plan and social emotional supports. Space is limited so don't wait—register on Handshake today!
